

ABOUT APPLEBY GLOBAL SERVICES

Appleby Global Services (AGS) provides a range of administration, reporting and fiduciary services primarily focused on corporate structures.

Our experienced and knowledgeable professionals have strong fiduciary capabilities and provide clients with an integrated and responsive offering in collaboration with market-leading legal specialists provided by our affiliated law firm.

Our strategy has a long term focus to build the business sustainably through:

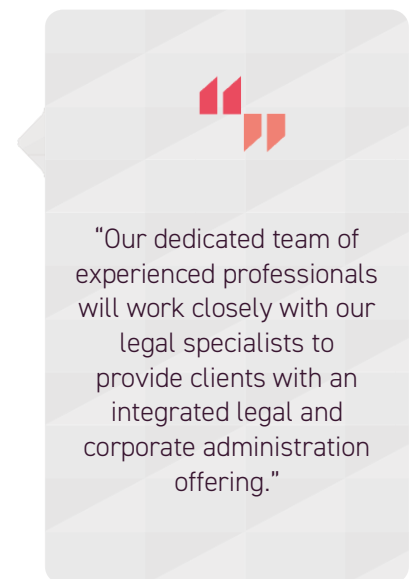

- A continued investment in people
- Developing long term client relationships
- Investment in technology and processes to deliver operational excellence
- Maintaining strong risk management practices
- Augmenting growth and service depth through strategic opportunities

Operating from seven pre-eminent financial centres and utilising industry-leading technology, we deliver responsive and efficient commercial solutions through a strong procedural environment.

We offer expertise in specialist market areas including Capital Markets, Real Estate, Insurance and Private Equity.

We have the capability to service clients operating in a broad range of industry sectors including global corporates, financial institutions and asset managers.

We have a globally integrated team of experts who are respected and valued in their respective markets and who work together for our clients.

“Our dedicated team of experienced professionals will work closely with our legal specialists to provide clients with an integrated legal and corporate administration offering.”

APPLEBY GLOBAL SERVICES HONG KONG

Our Hong Kong office caters to local, Asian and international clients looking to set up structures in Bermuda, Cayman and Hong Kong, for purposes including:
